\$35.00 administrative fee

RELATIONSHIP BETWEEN THE SUPERINTENDENT AND THE BOARD

Facilitated by Rochelle Eisenberg, this session will look at the roles and responsibilities of a Superintendent and a Board and the relationship between the two. Questions such as:

- How do a superintendent and the school board develop a successful working relationship?
- How is that successful relationship maintained?

These questions, and others, will be discussed to help to foster – and keep – a positive and long-lasting relationship to advance student achievement and school district success.
