MABE'S RESPONSE TO COVID-19

As you would expect, we at MABE have been following the ongoing COVID-19 situation very carefully and are planning accordingly. Essentially, we have two overriding considerations-- the health and wellbeing of our staff and our commitment to ensure continuity of services to our members.

To address both considerations adequately, we are working with partners and staff to incorporate sound healthy practices and procedures. At this time, **the office will remain open and functioning; however, we are not hosting either visitors or meetings from this afternoon until at least April 6, 2020.** We are making every effort to continue to provide the caliber of services you have come to expect from us.

We are monitoring this changing situation on a daily basis and will adjust as necessary, keeping everyone advised.

Please email jweisman@mabe.org or call 410-841-5414 with any questions you might have.
